Weather Resistant

SoPoly furniture is made exclusively with our premium HDPE lumber, crafted from recycled plastics. This durable material is engineered to stand up to the elements, resisting sun exposure, rain, humidity, heavy snow, strong winds, and coastal salt air. It will not rot, crack, splinter, or warp, making it ideal for year-round outdoor use in any climate.

Colorfast Technology

At SoPoly, we engineer our HDPE lumber to keep its color looking beautiful year after year. Each piece is made with built-in UV stabilizers that help prevent fading from sun exposure, ensuring your outdoor furniture maintains its rich, consistent color through every season. It's one more way we protect the long-term beauty of your outdoor space.

20 Year Warranty

Our 20-year warranty reflects SoPoly's unwavering commitment to quality and craftsmanship. It gives you confidence that your outdoor furniture is built to last, allowing you to relax and enjoy your space knowing your investment is protected and your comfort always comes first.

Recycled Plastic

SoPoly outdoor furniture is crafted from high-density polyethylene (HDPE) made using recycled production scrap material. By repurposing clean, controlled manufacturing scrap, we're able to create premium, long-lasting furniture while reducing waste and maintaining consistent quality. Every piece reflects our commitment to responsible manufacturing and durability.

Easy Clean

Keeping your SoPoly furniture looking its best is simple. A quick wash with mild soap, water, and a soft brush is all it takes to remove dirt and grime. Rinse clean and enjoy furniture that looks fresh and ready to use with minimal effort.

Made in USA

SoPoly outdoor furniture is proudly made in Eastman, Georgia. From extruding our HDPE lumber to manufacturing each finished product, every step of the process happens in our facility. This commitment to American craftsmanship ensures exceptional quality while supporting local manufacturing and skilled expertise.

When it comes to outdoor furniture, poly lumber offers clear, long-lasting advantages. At SoPoly, we manufacture premium outdoor furniture designed to perform in real outdoor environments—season after season.

SoPoly furniture is built from durable HDPE poly lumber that resists UV rays, moisture, mold, mildew, and insects. Unlike traditional wood, it will not rot, crack, splinter, or fade, even in harsh sun, humidity, or coastal conditions. This durability ensures long-term performance with a consistently solid, well-built feel.

Beyond strength, SoPoly furniture is designed for low-maintenance living. There's no need for painting, staining, or sealing. Cleaning is simple and convenient, making it easy to keep your outdoor space looking its best with minimal effort.

Easy Cleaning & Care

To clean your SoPoly outdoor furniture:

- Rinse with a garden hose to remove loose dirt and debris.
- Mix a small amount of mild soap or detergent with warm water. Avoid abrasive cleaners or harsh chemicals.
- Gently scrub surfaces using a soft-bristle brush to loosen any remaining dirt.
- Rinse thoroughly with clean water.
- For furniture that hasn't been cleaned in an extended period, a pressure washer may be used—do not exceed 1,500 PSI.
- Wipe away excess moisture with a clean, dry microfiber cloth.
- Allow furniture to air dry completely in an open area before replacing cushions or décor.

With SoPoly, you get timeless outdoor style paired with dependable construction. It's a smart, long-term investment for patios, porches, resorts, and gathering spaces where durability, appearance, and ease of care truly matter.
